Mirror floors in The Sims 2 were a must of custom contes, people loved them. We miss reflective floors in The Sims 3... we missed! We are really grateful to talented creatos as **Inge Jones and Murano**

, because they created

mirror and transparent floors for the Sims 3!

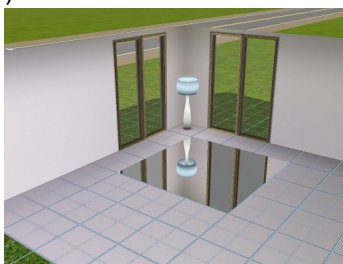

You can find them under *Decoration/Rugs*. Where and how find them? Read more...

[Murano @TSR:](#) (free set )

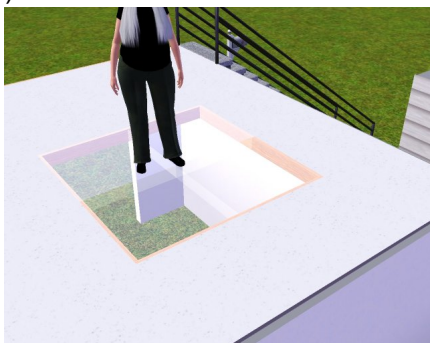

You need to register for free at **TSR** for download.
