The *pirate-themed* world released back in September on The Sims 3 Store (more info [here](#) and

[here](#)

), will be sold in a few stores from March 8th. You can find it on

[Amazon.com](#)

and

[GameStop](#)

However, the box will not include a dvd, but a code that you can use to download the neighborhood on the **Store**. Below you can see the cover of the box.
